

Photo Transfer and Paint

Anna Tomczak

ANNA TOMCZAK PHOTOGRAPHY MIXED MEDIA TRANSFER WORKSHOP **Dievole in Chianti -Tuscany, Italy** October 25 - November 3, 2011

A 10 day celebration of the arts, the Grape and Olive Harvest, the wine and this beautiful region of Chianti in Italy.

This workshop takes place during the Autumn Arts Festival along with three other workshops and an opera appreciation class.

Participants will stay in the Dievole 16th century Inn and guest houses which float in the magnificent Tuscan hills. 12 km northeast of Siena and 40 km south of Florence. Dievole vineyard is near Castellino in Chianti, Radda, Greve and Penzano.

There will be frequent group field trips to shoot photographs in nearby Chianti towns and also hikes through the vineyards, orchards and caves,

with trips to Florence and Siena. We will travel either on the train, by van or Bus. (Italian buses sometimes offer opera.)

Studio sessions will concentrate on the various methods of integrating photographs into the surface of various art papers and cloth. We will use photographs taken on our shooting excursions and adventures. Transfer processes will be emphasized including photocopy transfers with organic solvents, acrylic transfers, as well as hand painting and coating with wax.
