Sanctuary: Anna Tomczak, Photography

This world renowned collection of beautiful photography is now available in a full-color, 76-page book. The book has been printed in Turin, Italy.

"Her photographs are beautiful, yet they are heavily layered with ideas, histories, remembrances and emotion. The artist delves into hidden places in her psyche to resurrect and interpret what is captured there, using it to reenergize souvenirs of past lives."

~**Barbara Hitchcock**, Exhibition Curator,
Director of Cultural Affairs at the Polaroid Corporation

"Sanctuary" has many interpretations: holy place, safe haven, site of renewal, retreat. Anna Tomczak's studio is her 'safe haven'- a creative place for the artist and a space into which she invites others.

~**Jennifer McInnes Coolidge**, Executive Director,
Museum of Florida Art
